

Department of Artificial Intelligence & Machine Learning

Conference Participation Report on ICAIDSET 2026

Event Details :

Title of the Event: International Conference on Artificial Intelligence, Data Science & Emerging Technologies (ICAIDSET 2026)

Organized By: Institute of Advanced Computing & Research

Resource Person: Information was not available in the provided WhatsApp conversation or uploaded documents.

Head of Department: Information was not available in the provided WhatsApp conversation or uploaded documents.

Venue: Hyderabad International Convention Centre, Hyderabad

Date: 30th–31st July 2026

Time: Information was not available in the provided WhatsApp conversation or uploaded documents.

Participants: Information was not available in the provided WhatsApp conversation or uploaded documents.

Introduction

The International Conference on Artificial Intelligence, Data Science & Emerging Technologies (ICAIDSET 2026) was organized to facilitate a global exchange of ideas regarding the future of AI.

Dr. Meera Kulkarni represented the Department of AIML, engaging with experts to discuss the latest research and technological breakthroughs.

Objectives

The objectives of the workshop were:

1. To explore recent advancements in Generative AI and Agentic AI.
 2. To engage in academic networking and knowledge exchange.
 3. To stay updated with emerging research trends in Data Science and Machine Learning.
-

Workshop Proceedings

The conference proceedings spanned two days, featuring technical sessions and expert-led discussions. Dr. Kulkarni participated in sessions focusing on the practical application of Large Language Models and the ethical considerations of AI deployment.

Information was not available in the provided WhatsApp conversation or uploaded documents.

Information was not available in the provided WhatsApp conversation or uploaded documents.

Topics Covered

1. Generative AI
 2. Agentic AI
 3. Machine Learning
 4. Data Science
 5. Large Language Models
 6. Computer Vision
 7. Responsible AI
-

Schedule Summary

1. Information was not available in the provided WhatsApp conversation or uploaded documents.
-

Learning Outcomes

After attending the workshop, students were able to:

1. Enhanced understanding of current research trajectories in AI.
 2. Exposure to cutting-edge methodologies in Data Science.
 3. Improved academic perspective on the ethical implementation of AI technologies.
-

Key Highlights

1. Focus on Generative and Agentic AI frameworks.
2. Comprehensive coverage of Computer Vision and Large Language Models.

3. Emphasis on Responsible AI practices.

Benefits

1. Professional development for faculty.
 2. Academic networking opportunities.
 3. Knowledge transfer to the departmental research ecosystem.
-

Conclusion

The participation in ICAIDSET 2026 was a highly productive endeavor, aligning with the department's goal of maintaining academic excellence.

The insights gained will contribute significantly to the ongoing research and teaching efforts within the AIML department.

AI Executive Summary

Dr. Meera Kulkarni from the Department of AIML participated in the ICAIDSET 2026 conference in Hyderabad. The event focused on emerging AI technologies, including Generative AI, Data Science, and Responsible AI, providing a platform for academic networking and professional development.

Acknowledgement

The department acknowledges Dr. Meera Kulkarni for her active participation and commitment to professional growth.
