Workshop Report on Emerging Trends in Generative AI and Intelligent Automation

Event Details :

Title of the Event: National Seminar on Emerging Trends in Generative AI and Intelligent Automation

Organized By: Centre for Artificial Intelligence & Digital Innovation, NIT Nagpur

Resource Person: Information was not available in the provided WhatsApp conversation or uploaded documents.

Head of Department: Information was not available in the provided WhatsApp conversation or uploaded documents.

Venue: National Institute of Technology, Nagpur

Date: 30th July 2026

Time: Information was not available in the provided WhatsApp conversation or uploaded documents.

Participants: Dr. Rahul Kulkarni

Introduction

The Department of AIML encourages faculty to participate in national-level seminars to keep pace with the rapid advancements in AI technology.

This report summarizes the participation of Dr. Rahul Kulkarni in the seminar held at NIT Nagpur, focusing on Generative AI and Intelligent Automation.

Objectives

The objectives of the workshop were:

1. To understand the latest advancements in Generative AI and LLMs.
 2. To explore the role of Agentic AI in modern automation.
 3. To discuss the ethical and responsible implementation of AI technologies.
-

Workshop Proceedings

The seminar was conducted at NIT Nagpur, bringing together experts and academicians to discuss the future of AI. The session flow included technical presentations on LLMs and Agentic AI, followed by discussions on industry-specific applications of intelligent automation.

Information was not available in the provided WhatsApp conversation or uploaded documents.

Not applicable as this was a faculty professional development event.

Topics Covered

1. Generative AI
 2. Agentic AI
 3. Large Language Models (LLMs)
 4. Responsible AI
 5. Intelligent Automation
-

Schedule Summary

1. Information was not available in the provided WhatsApp conversation or uploaded documents.
-

Learning Outcomes

After attending the workshop, students were able to:

1. Faculty gained advanced knowledge in AI trends.
 2. Improved understanding of AI ethics and automation strategies.
-

Key Highlights

1. Focus on emerging technologies like Agentic AI.
 2. Participation at a premier national institute.
-

Benefits

1. Enhanced faculty expertise.
 2. Potential for curriculum updates based on industry trends.
-

Conclusion

The seminar was highly beneficial for the faculty member, providing deep insights into the future of AI.

The department remains committed to supporting such initiatives for continuous professional growth.

AI Executive Summary

Dr. Rahul Kulkarni from the AIML department attended a national seminar on Generative AI and Intelligent Automation at NIT Nagpur on July 30, 2026. The seminar covered key topics including LLMs, Agentic AI, and responsible AI, contributing to the faculty's professional development and research expertise.

Acknowledgement

The department acknowledges the efforts of Dr. Rahul Kulkarni in representing the institution at this national seminar.
